

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF BIG BEAR LAKE**

NAME: TIM BRIGHAM

AGE: 39

OCCUPATION: Businessman

There are many diverse issues facing our community. They have immediate and long term implications. Deciding these issues requires strong, sensible, and committed leadership.

As Chairman of the Planning Commission, I have had the responsibility to make tough decisions. My experience has provided me with an understanding of how city government functions.

As a business owner within the City of Big Bear Lake, with offices in the Village and on the Boulevard, I recognize the needs of the business community and the workers and customers who support it.

As an attorney, I am skilled and experienced at seeing all sides of an issue, critically examining the concerns, and finding solutions.

As a homeowner and neighborhood resident I am sensitive to the needs of all the citizens of our community, and realize the importance of homeownership for people at all economic levels.

And, as a married family man and father of a young child, I have a vested interest in ensuring that Big Bear remains a precious mountain gem, while maintaining a viable economic future.

As your City Council member I will Balance Big Bear's Quality Of Life with Smart Growth and a Solid Economic Base.
